

Dear College Students,

1st to 15th August 2026 is the time for Census 2027 Self Enumeration.

Spend just 5 minutes on your mobile at <https://se.census.gov.in/> and you and your family will be counted.

Filling such details on the portal is very easy.

Since you yourself are entering your own details, the data will be completely accurate.

When you fill the required details, you help build a better future - better education, better health, better opportunities for youth.

So please do it now, and motivate your friends and neighbours too.

Together, let's count ourselves for a stronger West Bengal.

With Regards,

Department of Higher Education for

Govt of West Bengal
